

Daniel Garner
FINANCIAL ADVISOR

Dan joined Presper Financial Architects (formerly a part of Millennial Group) in May of 2016 after graduating from The Ohio State University with honors; majoring in both Finance and Economics.

His summer jobs while in college prepared him to make the decision to become a financial advisor. He participated in an entrepreneurial internship opportunity with College Works Painting essentially running his own painting business. He enjoyed sitting down with his potential clients designing a plan that worked for them. He was also a Finance Intern with Klein's Pharmacies and led the Bank Reconciliation project for two locations. Having assisted with month end closing reports and generating other financial reports for Klein's helped prepare Dan for the work he is doing for Presper Financial Architects clients.

Dan is a licensed insurance sales representative in the state of Ohio and is a Financial Advisor working alongside Tom Presper. He has previously passed the Series 7 & 66 examinations however they are no longer active. In addition to presenting client reviews, Dan does pre-meeting analysis of client portfolios. He also helps teach a "Passport to Retirement" workshop.

At Ohio State, Dan played on the Club Baseball team in 2013 and the Club Wrestling team in 2014 & 2015. Now, Dan plays in a Roy Hobbs baseball league, plays golf and softball, and enjoys skiing. When he isn't participating in a sport himself, he's usually watching the Indians, Cavs, Browns, or the Ohio State football team. Dan and his wife reside in North Canton.
