Founder, Financial Advisor

Tom is the founder of Presper Financial Architects—the steady hand and calming voice of the team. He leads, educates, and guides clients to make smart financial decisions. Tom and his wife Sonya have been married for 35 years and have six adult children and two grandchildren (for now...they are hoping for more!) Tom's favorite hobby is whatever his kids and grandkids are doing.

Tom has a BA in Finance and Accounting from the University of Akron and has 40 years of experience as a financial advisor. He has multiple professional designations and has passed Series 6, 7, 66, 63, 24, 53, and 26 examinations.
